

thermotron **KL55**

AUTOMATIC SEALING MACHINE

KL55* is an automatic sealing machine that closes the bags that contain clothes coming folded and packaged from the automatic folding machine **STP1000** and the bagging machine **PV38** with adhesive tape.

The machine gives the operator the option to close the bag either with one adhesive tape in its center or with two tapes at its two ends.

KL55 is placed behind PV38, receives the packaged clothes and seals the bags with adhesive tape.

DIMENSIONS L-W-H: **208x79x135cm**
